Education

Technical University of Denmark — Kongens Lyngby, DK
Ph.D. in Computer Vision — Nov 2023 · Nov 2026
Advisor: Dimitrios Papadopoulos, Serge Belongie

KTH Royal Institute of Technology — Stockholm, SE
M.Sc. in Machine Learning — Aug 2020 · Sep 2022
Grade 4.85/5.0

Delft University of Technology — Delft, NL
Exchange in Computer Science — Aug 2021 · Jan 2022

University of Genoa — Genoa, IT
B.Sc. in Computer Engineering — Sep 2017 · Jul 2020
Grade 109/110

Experience

Technical University of Denmark — Kongens Lyngby, DK
Doctoral student — Nov 2023 · Nov 2026
Research in Human-AI collaboration with Active Learning systems.

Pioneer Centre for Artificial Intelligence — Copenhagen, DK
Affiliate — Nov 2023 · Nov 2026

Aptiv PLC — North Rhine-Westphalia, DE
Research Assistant — Mar 2023 · Oct 2023
Developed a LiDAR-based mapping algorithm with deep neural networks for precise lane extraction in HD Maps.

SMaRC Swedish Maritime Robotic Centre — Stockholm, SE
Research Assistant — Feb 2022 · Sep 2022
Developed and optimized sonar-based pose estimation for underwater vehicles, achieving 1m accuracy through sensor analysis.

Projects

Delft University of Technology — Delft, NL
Quadrotor Motion Planning — Dec 2021 · Jan 2022
Developed PRM path planner algorithm in Python for autonomous control, improving navigation accuracy.
Link Report

Delft University of Technology Delft, NL

Imitation Learning in Human-Robot Skill Transfer Sep 2021 · Dec 2021

Developed software for simulating human hand movements transfered to a manipulator robot.

Link Report

KTH Royal Institute of Technology

AI & Multi Agent Systems Jan 2021 · Jun 2021

Developed autonomous vehicles in Unity3D for tasks such as path planning, collision avoidance, and drone soccer.
